March, 1974

SUBJECT:

MODELS:

CONNECTING RODS

1275 CC "A" SERIES ENGINES 1800 CC "B" SERIES ENGINES

This Service Bulletin supersedes #73-A-4, which should be destroyed.

Connecting rods for the above engines supplied as service replacements are equipped with hexagonal nuts for transit purposes only. When fitting replacement rods, the hexagonal nuts <u>MUST</u> be discarded and replaced by the correct nuts, as follow:

1275 cc "A" Series Engine (Midget) . . . . Part No. AEG 147

1800 cc "B" Series Engine (MGB) . . . . . Part No. 13H 5872

AP/IE/3/74
