SUBJECT:

MODELS:

GEARBOX FRONT COVER - MANUAL TRANSMISSION

MARINA

An aluminum front cover which carries the clutch release bearing has been introduced to production and replaces the earlier pressed steel cover.

In order to accommodate the aluminum cover, a new flywheel housing and front end cover 'O' ring were also introduced. These individual parts are not interchangeable with the earlier parts.

SUMMARY OF PARTS CHANGES:

<u>Old Part No.</u>	<u>Description</u>	<u>Qty.</u>	<u>New Part No.</u>
